Profile Summary

B.Sc. Computer Science student with 9+ SGPA and hands-on experience in web development, database management, and cloud computing fundamentals. Skilled in HTML, CSS, JavaScript, PHP, MySQL, and Linux with experience building responsive web applications and academic projects. Currently undergoing Cloud Application Developer training.

Technical Skills

- **Programming Languages:** C, Java, JavaScript, PHP
- **Web Technologies:** HTML, CSS, JavaScript
- **Database:** MySQL
- **Development Tools:** VS Code, XAMPP
- **Operating Systems:** Linux, Windows
- **Core Concepts:** OOP, DBMS, Operating Systems

Projects

CampusWire — Full Stack Web Application

Technologies Used: HTML, CSS, JavaScript, PHP, MySQL

- Developed a student productivity and resource-sharing web application.
- Implemented task management, Pomodoro timer, and academic resource-sharing features.
- Designed responsive user interfaces and integrated backend database functionality.

Protect Your Path — IoT-Based Vehicle Safety System

Technologies Used: ESP32, Sensors

- Developed an IoT-based vehicle safety system for pothole detection and rider alerts.
- Integrated sensors with ESP32 for real-time monitoring and alert generation.
- Presented the project at the Zonal Level in the Avishkar Competition.

Training

Technical Trainee — Cloud Application Developer

Present

MIDC Skill Development Center

- Undergoing hands-on training in Cloud Application Development.
- Learning cloud concepts, Linux administration, software deployment, and development practices.

Achievements Certifications

- Qualified at the Zonal Level in the Avishkar Competition.
- Scored 78.15
- Completed AI Tools Workshop Certification.
